

Accessing the Secure Members Section on the International Website

How do I log on to the Secure Member's Section?

Log on to the international website

www.altrusa.com

Click on the Login word on top right

Enter your email address

Note this must be the one that you have on record with International Office

Enter your password

What if you can't remember your password or don't have one yet?

Enter your email address in the "If you have forgotten password/Don't have one?" dialog box. Click on "send me my password".

Your pass word will be sent to that email address shortly.

Log on to the Secure Member's Section using the password they sent you.

Select the Membership pull down and select My Profile

This will show all your contact details. Click on "Change Password" and enter a password you will be able to remember.

What if I don't know the email address that International Office has on record for me?

In this case you need to email International Office and explain that you need to have your chosen email address as your email address on their records. You will probably need to provide other identifying information such as your club, name and address and if at all possible your membership number.

International's email address is altrusa@altrusa.com

What can I find in the Secure Member's section of the website?
